Durarail – THE PANORAMA POST – For Fences and Pool Surrounds...

Durarail's newest, sleek looking glass railing can also be used for Fencing or Pool & Hot Tub Surrounds...with see-through glass or etched glass to act as a privacy panel....the options for this new system are endless.

10mm (3/8") glass is able to rotate 30° left or right within glass channel

The round glass track of the Panorama Post enables the installer to adjust the angle the glass in a 30* degree in both directions, allowing the use of one post to achieve multiple angles.

The Panorama posts are available in both **surface mounted** and **fascia mounted** designs.

The glass can be **see-through** to enjoy surrounding vistas or **etched** to act as a **privacy panel** and can sit at **post height** or **proud of the post** to increase the railing height.

Ideal as Railings, Fencing, Pool & Hot Tub Surrounds and so much more...
